SDDS INSTALLATION OF OFFICERS AND AWARDS LUNCHEON 2010

The 2010 Second District Dental Society Installation of Officers and Awards Luncheon was held at The Water’s Edge in Long Island City, Queens on January 31st, 2010. The gala event was highlighted by the installation of the SDDS officers and the presentation of awards to some of SDDS’s Life Members. The weather certainly cooperated with a gorgeous sunny day. As the guests looked out across the East River to the Manhattan skyline, they were treated to a program that included passionate speeches, touching tributes, and some wild dancing.

Outgoing SDDS President Richard Oshrain gave his farewell address reviewing an outstanding year for SDDS. NYSDA President Michael Breault and ADA Trustee Bill Calnon then addressed the attendees. Outgoing SDDS President Richard Oshrain gives his farewell address. Newly installed SDDS President Deborah Pasquale makes her inaugural address.

Dr. Howard Lieb served as the installing officer to swear in the new slate of SDDS officers. Newly installed President Deborah Pasquale addressed those gathered. She spoke of her eager anticipation of the coming year and her experience of how she got to this point. She paid tribute to her families — her own family, her hospital family at Jamaica Hospital in Queens where she serves as residency director and her SDDS family. The afternoon’s festivities culminated with some fabulous music and dancing.

APRIL

Friday 9 CONTINUING EDUCATION COURSE #10-13 SDDS Headquarters, Brooklyn 9:30 AM to 3:30 PM “CPR and Medical Emergencies in the Dental Office” Michael Kaliroff, Certified Instructor

Newly installed SDDS President Deborah Pasquale makes her inaugural address. Installing Officer Howard Lieb recites the oath of office with the new SDDS officers. (l to r) Drs. Stuart Segelnick, Constantine Pavlakos, Amrish Parikh, Laura Medrano-Saldana, Philip Buccigrossi, Jr.

Innovations in Esthetic Dentistry:
EVERYTHING YOU NEED TO KNOW ABOUT VENEERS

Presented by:
K. MICHAEL GHALILI, D.D.S., M.S.D.
Director, International Comprehensive Dentistry Program, New York University College of Dentistry

DATE: Friday, March 12, 2010
VENUE: Fort Hamilton Community Club
TIME: 9:00 AM - 4:00 PM
COURSE #2010-08 MCEU - 6 HOURS

Pre-registration is required for this event. Please call SDDS Headquarters at (718) 522-3939 to reserve a seat.
A Message from SDDS President Deborah Pasquale

Today, February 15, 2010, President's Day, I feel inspired to take some time and write a message as President of the Second District Dental Society.

INSTALLATIONS

During the month of January, I represented Second District at the Installation of Officers of Dental Society. Of the Second District message as President some time and write a

During the month of INSTALLATIONS January, I represented Second District at the Installation of Officers of Dental Society. Of the Second District message as President some time and write a

On February 5th, 2010, I was invited to represent our society at the opening of the day. If you paid close attention to this televised segment or go to the website to see the clip you will be proud to see the clapping hands of your President on the far right of the screen. Friends and family who saw the clip said they knew they were my hands since they were so close to the ground and they knew I was probably the shortest person there.

Following the opening, buses were waiting to take the participants to local dental schools to witness the Give Kids a Smile events occurring at those locations. All of the details of these events and other events for Children’s Dental Health Month will be in our next Bulletin. If you did not participate this year, I encourage you to take part next year. Once you experience the joy of helping these children, you will continue to participate on a yearly basis.

YEARLY PRESIDENTS CONFERENCE CALL

Friday, February 12th I participated in the first Presidents conference call for 2010. This is a conference call hosted by the President of NYSDA to communicate with the presidents of the thirteen components that make up the state association. This great idea was the brainchild of our own Dr. Steven Gournardes in 2007 when he was President of NYSDA and has been continued ever since. NYSDA’s current president, Dr. Michael Breault, discussed various topics such as: Invisalign and their requirements for the use of their product, the statute of limitations, Dental Medicaid, and bleaching kiosks. He brought all of the presidents up to date on the actions NYSDA is taking on our behalf. He answered any questions we had on the issues and made sure we were aware that we can contact him at any time to discuss any issue of concern to us or our components.

THOUGHT OF THE MONTH:

The character that takes command in moments of crucial choices has already been determined by... the little choices of years past – by all those times when the voice of conscience was at war with the voice of temptation, whispering the lie that “it really doesn’t matter.”

--Ronald Reagan

Why the other side hates to see us on your side.

- We go to bat for you and preserve your good name.
- We aggressively defend and resist any payment for frivolous claims.
- We are a tough team to beat and we don’t give up.
- We have the finest defense attorneys in the State, respected medical experts, and the country’s largest and most experienced claims staff.
- We are not just your liability insurer. We are your legal guardians.

We are MLMIC. Our defense never rests.

Why the other side hates to see us on your side.

- We go to bat for you and preserve your good name.
- We aggressively defend and resist any payment for frivolous claims.
- We are a tough team to beat and we don’t give up.
- We have the finest defense attorneys in the State, respected medical experts, and the country’s largest and most experienced claims staff.
- We are not just your liability insurer. We are your legal guardians.

We are MLMIC. Our defense never rests.

MLMIC is the one ally you want when you enter the courtroom and your practice and reputation are on the line. The jury may be out. But, you can feel confident, knowing that no other insurer in New York State provides the protection and dependability of MLMIC. MLMIC’s dedicated underwriters, claims personnel, risk management consultants, and defense attorneys are always responsive to your needs. And, the NYSDA-MLMIC Program, now in its 18th year, is a program run by dentists for dentists. For information, call (800) 685-7769 (NYC), (888) 744-6729 (Syracuse), (888) 263-2729 (Long Island), or (800) 635-0666 (Albany area).

The SDDS Shines at the 2010 Installation
Dental Auxiliary Training Program

The Second District Dental Society, in conjunction with the Dental Auxiliary Training Center, is pleased to announce the 25th year of commencement of the comprehensive dental assisting training course offered for the auxiliary staff of the Second District membership.

**Course Information**

- **Course Number:** #2D101-3
- **Dates:** Wednesday evenings, March 10 through June 16, 2010
- **Time:** 6:30 PM to 9:30 PM
- **Venue:** SDDS Headquarters, 111 Fort Greene Place, Brooklyn, NY 11217
- **Tuition:** $850 (Make checks payable to DATC/2D)
- **Text, Lab & Ins Fees:** $375 (Make checks payable to DATC. Will be collected on the first night of class)

**Fundamentals of Chairside Dental Assisting Course**

To meet the demand for trained dental assistants, the Second District Dental Society co-sponsors this course to assist interested students who have a desire to prepare and work in this exciting career field. Dentists interested in hiring DATC students register their dental assisting jobs and positions with DATC. The course is designed to train already employed dental assistants who have limited or no formal training and those who are interested in preparing to take the DANB Exam.

This comprehensive course will augment the on-the-job learning experience by giving the theoretical background of the profession of dental assisting and also provide hands-on training in a classroom setting. The course has been structured in such a way that the total time required for completion is only 15 sessions totaling 45 hours, plus a 15-hour independent study project. The course is a total of 60 hours. Topics covered include:

- Dental terminology
- Infection control
- Dental specialties
- 4-handed dentistry
- Dental office emergencies
- Charting
- Sterilization
- Dental materials
- Dental anatomy
- Dental specialties
- Preventive oral hygiene
- Disease transmission
- Operative dentistry
- Dental instrumentation
- Intro to radiology

Course certificate of achievement will be granted upon successful completion of required course work, attendance and final exam.

---

**Course Name:** Fundamentals of Chairside Assisting, #2D101-3

**Dates:** Wednesday evenings, March 10 through June 16, 2010

**Tuition:** $850

**Text, Lab & Ins Fees:** $375 (Make checks payable to DATC. Will be collected on the first night of class)

---

**DENTAL AUXILIARY TRAINING PROGRAM**

**COURSE NUMBER:** 2D101-3 (Wednesday evenings) for 15 weeks

**DATES:** Wednesday evenings, March 10 through June 16, 2010

**TIME:** 6:30 PM to 9:30 PM

**VENUE:** SDDS Headquarters, 111 Fort Greene Place, Brooklyn, NY 11217

**TUITION:** $850 (Make checks payable to DATC/2D)

**TEXT, LAB & INS FEES:** $375 (Make checks payable to DATC. Will be collected on the first night of class)

SDDS BOARD OF TRUSTEES MINUTES

December 7, 2009
BOARD OF TRUSTEES MEETING

President, Dr. Richard Oshrin, called the meeting to order at 7:06 PM.

PRESENT WERE: Drs. Oshrin, Segelnick, Pavlakos, Parikh, Medrano-Saldana, Ratner, Ariola, Albicocco, Celi, Scanzo, Costalos, Gounardes, J. Halikias, Lerner, Lieb, Mindlin, McIntyre, Reyes, Seminara, Shekib, Wesley

EXCUSED: Drs. Pasquale, Spencer, Donovan

MOTION PASSED: To accept the minutes of the November 2, 2009 Board of Trustees Meeting

Dr. Oshrin welcomed guests: Drs. Di Mango, R. Halikias, Backer, Bucigrossi, and Rosenwein

DECEASED MEMBERS: none.

PROPOSALS AND ELECTION OF NEW MEMBERS

ACTIVE MEMBERS:
- Dr. Ashi Adamiyej - Columbia University, 2000
- Dr. Morehaili Ahbud - New York University, 1996
- Dr. Olga Gurevich - New York University, 2004
- Dr. Gennadiy Kravets - Tufts University, 2005
- Dr. David Sandler - New York University, 2005
- Dr. William Sorvino - University of Medicine & Dentistry, NJ, 1995

REINSTATEMENTS:
- Dr. Enrique Guillin - New York University, 1994
- Dr. Yuehua Huang - New York University, 2007

GRADUATE STUDENTS:
- (Staten Island University Hospital)
- Dr. Leona Kotsylyr - State University of New York, Buffalo, 2009
- Dr. Garry Shnayder - New York University, 2009

ANNOUNCEMENTS:
- See calendar

CORRESPONDENCE:
- 1. Letter dated November 20 from Dr. Leslie Seldin, Chair, Board of Visitors of National museum of Dentistry Re: request for donations.

Motion (passed): SDDS will donate $100 to the National Museum of Dentistry

2. Letter dated December 4 from Professor Marylin Cortell, RDH and Susan Davide, RDH of NYC College of Technology – Dental Hygiene Department Re: A letter requesting assurance from SDDS that upon referral from their program, their patients will obtain treatment. SDDS can not assure treatment of patients but will assist in referrals for appropriate treatment.

REPORT OF OFFICERS AND STAFF:
- President Dr. Richard L. Oshrin
  • Was at the GNYDM full time and reported it as being an enlightening experience.
  • Thanked the Board and the Past Presidents for their guidance and support.

- President-Elect Dr. Deborah A. Pasquale
  • Excused

- Vice-President Dr. Stuart L. Segelnick
  • Progress

- Secretary Dr. Constantine Pavlakos

- Progress

- Treasurer Dr. Anirash Parikh

- Progress

- Librarian Curator Dr. Lauro Medrano-Saldana

- Progress

- Executive Director Mr. Bernard Hackett

- Bank changes will be made in the following checking accounts to decrease administrative fees
  1. Peer Review Accounts
  2. Journal Accounts
  3. Benevolent Fund Accounts

- Employees of SDDS will be paid bi-weekly to reduce processing fees.

- Bronx Councilman Rivera, Chairman of the City Council of Health has introduced legislation that would ban the fluoridation of the NYC water system. Legislation will be monitored.

- SDDS COMMITTEE REPORTS:
  - Greater New York Dental Meeting Dr. Halikias
  • Total attendance for the GNYDM was 59,166, including 19,490 dentists and 5,694 foreign dentists
  • Live dentistry demonstrations were well attended.
  • 1,200 children were screened by our dental volunteers.

- SDDS Benevolent Fund Dr. Segelnick
  • Dr. Segelnick reported that the fund is solvent and requested that the bank accounts be moved to a different account to decrease administrative costs.

Motion (passed) – SDDS to donate $5,000 to the Benevolent Fund

NYSUDA Board of Trustees: Dr. Ratner (informational - distributed) Council on Dental Benefits Report Dr. Shekib (distributed and emailed)

UNFINISHED BUSINESS:
- Ad-Hoc Committee Dr. Ratner (distributed - Action required)

Committee was charged with nominating delegates to the newly formed NYSDA House of Delegates.

Motion (passed): That the 2010 SDDS Officers of President, President-Elect, Vice President, Secretary and RCDS President are elected as delegates to the NYSDA House of delegates 2010. The remaining five delegates to the 2010 NYSDA house were elected from a slate of 7 proposed candidates

A NOTE TO ALL SDDS MEMBERS

Each year at this time the President-Elect begins the process of formulating appointments to the SDDS standing committees for the following year. If you have any interest in serving on any of these committees in 2011, now is the time to notify SDDS headquarters. If you require further information or wish to be considered for appointment, please complete the form below and forward to SDDS headquarters to the attention of Dr. Stuart Segelnick, President-Elect.

Continuing Education Course #2010-08
The Dr. Irving E. Gruber Memorial Lecture
Fort Hamilton Community Club, Brooklyn
Friday, March 12, 2010
9:00 AM - 4:00 PM
MCEU - 6 HOURS

Title: "Innovations in Esthetic Dentistry: Everything You Need to Know About Veneers"

Clinician: K. Michael Ghaliili, D.D.S., M.S.D.
Director, International Comprehensive Dentistry Program, New York University College of Dentistry

Synopsis: This course will provide practitioners with the tools necessary to awaken their practices, transform their patient base, and renew, refresh and revitalize their patients' smiles. Practitioners will learn creative treatment planning and case presentations, which will motivate patients to proceed with transformational aesthetic makeovers. Attendees will also learn how to "re-position" teeth without the use of braces and learn techniques for using veneers for closing diastemas, correcting minor malocclusions, cross-bites, class-three, tetracycline stains, short tooth syndromes and other esthetic concerns.

Upon successful completion of this course, participants will have an in-depth grasp of the importance of veneers in innovating dentistry and the opportunities to grow their practices.

Continuing Education Course #2010-11
Fort Hamilton Community Club, Brooklyn
Thursday, March 25, 2010
7:00 PM - 9:00 PM
MCEU - 2 HOURS

Title: "Periodontal Plastic Surgery: Recession and Root Coverage"

Clinician: Vera W.L. Tang, D.D.S., M.S.
Assistant Professor and Honors Course Director, Department of Periodontics and Implant Dentistry, New York University College of Dentistry

Synopsis: Periodontal plastic surgery can resolve severalesthetic problems and demands. Root coverage has become a mainstay of today's successful periodontal practice. Soft tissue deficiencies can be corrected by the proper surgical technique, combined with the use of the appropriate biomaterial in each clinical case.

This presentation will offer surgical techniques for covering roots utilizing autogenous connective tissue, as well as acellular dermal matrix. A discussion of procurement and preparation of tissue, surgical manipulation of the recipient site and suturing techniques to maximize outcomes will take place. An evaluation of various soft tissue defects that are available will be presented, followed by a review of the decision tree that was utilized to select the most appropriate treatment.

Educational Objectives:
- Review the indications and factors for plastic surgery
- Discuss procurement and preparation of tissue
- Describe techniques such as pocket connective tissue (CT) grafts, vestibular tunnel CT grafts and pedicle CT grafts
- Define the role of today's biomaterials in regeneration and plastic surgery

Continuing Education Course #2010-09
Fort Hamilton Community Club, Brooklyn
Friday, March 19, 2010
9:00 AM - 12:00 NOON
MCEU - 3 HOURS

Title: "Forensic Odontology: History, Hurricanes, Helicopters & Bitemarks"

Clinician: Roy H. Sonkin, D.D.S.
Assistant Clinical Professor, Department of Cariology and Comprehensive Care, New York University College of Dentistry

Synopsis: This presentation will focus on the history of forensic odontology and its application. Hurricanes Rita and Katrina, the Rio Tinto helicopter crash in Peru and human bitemark analysis will be discussed. Attendees will have a better understanding of new technologies and how they can become involved in forensic. Upon successful completion of this course, attendees will learn the history and scope of forensic odontology.

Continuing Education Course #2010-12
Hilton Garden Inn, Staten Island
Friday, March 26, 2010
9:00 AM - 4:00 PM
MCEU - 6 HOURS

Title: "Advances in the Treatment of TMJ and Orofacial Pain Disorders"

Clinician: Howard Israel, D.D.S.
Professor of Clinical Surgery, Division of Oral and Maxillofacial Surgery, Weill Cornell Medical College

Synopsis: The etiology, diagnosis and treatment of temporomandibular joint (TMJ) and orofacial pain disorders are frequently challenging. Misdiagnosis and multiple failed treatments are common in this patient population. Persistent orofacial and TMJ pain may cause frustrated patients to request irreversible and invasive treatments to eliminate the perceived source of pain. A key element in the successful treatment of patients with TMJ and orofacial pain disorders is establishing an accurate diagnosis. Misdiagnosis is common in these patients, leading to failed treatment and further exacerbation of pain. To prevent this, the clinician must continually re-evaluate the response to treatment and re-evaluate the diagnosis. This presentation will cover new approaches and the role of minimally invasive treatment in advanced cases. Upon successful completion of this lecture, clinicians will learn the latest concepts and principles in the pathogenesis, diagnosis and treatment of TMJ and orofacial pain disorders based on current research.

Enrollment is Limited, so Please Register Early!

Title: "Crown Lengthening"
Clinician: Amit M. Vora, D.D.S., M.D.S.
Consultant, Manhattan VA Hospital
Synopsis:
Imagine cementing the most esthetic crown, made of the highest quality materials and workmanship, only to see a cya-
notic gingival margin at every recall. One that bleeds upon the slightest touch! This presentation will review the concept
of biologic width as it relates to restorative dentistry. It will also cover the rationale for crown lengthening and review the
different procedures that can be used to achieve the desired result. The lecture will also go over some clinical cases and
show some the of the problems that dentists may face. Upon successful completion of the presentation, participants will
learn the rationale for crown lengthening, the importance of sequencing the procedure correctly in the treatment plan and
the different techniques used to achieve successful crown lengthening.

Dudley Rings the Opening Bell at the Nasdaq
Dudley visited the NASDAQ on February 5th, 2010 to start off the ADA’s 8th annual Give Kids a Smile Day.
Give Kids a Smile is a dental access program that is dedicated to the elimination of cavities in five year olds by 2020. On February 5th, 2010 some 50,000 dental professionals volunteered to give free dental care to children nationwide. With the help of corporate sponsors, Colgate-Palmolive, Dexis and Henry Shein, these volunteers were able to educate, evaluate and treat dental disease nationwide. These activities will continue through the month of February and hopefully all year long in the future. Representatives from the Sponsors, the ADA, NYSADA and its local components were invited to celebrate this event at the opening bell of the NASDAQ.
Peninsula Hospital Dental Society
